

## Trainee Stadler Signalling 100%

### YOUR TASKS

Our Trainee Program lasts in total 18 months. Within this period, you will work in four different departments for 3-6 months each:

- **Strategy & Business Development:** You will be working on tasks such as independently preparing reportings, market analysis and applications, supporting with localization and M&A, developing sub-strategies, and executing individual activities to support integration while learning about Stadler Signalling and the Stadler Group.
- **Project Management:** You will manage sub-projects in a prioritized and structured manner as a Junior Commercial Project Leader to familiarize yourself with Stadler's project management tools.
- **Finance:** You will get to know the role of CFO within the division and understand the steering and reporting tools.
- **Sales:** You will work with bids to understand the sales process, get to know the sales calculations and build up a basic knowhow of our customer base and their needs.

### YOUR PROFILE

- Master's or Bachelor's degree in Business, Technology or similar
- Quick comprehension and high willingness to learn and to go the extra mile
- A large amount of commitment and high self-initiative
- Passionate about what we do
- Excellent communication skills in English and German, French is an advantage
- Willingness to travel occasionally

### FURTHER INFORMATION

- The start date is ideally September 2023
- International dynamic environment with start-up character and high diversity
- Varied and exciting area of responsibility with flexibility for mobile work
- The recruitment process consists normally of two interview rounds
- Applications via agencies are not considered
