

**Make an impact in a company
that acts sustainably** – and where
you can grow personally.

At HUBER+SUHNER, we design and create essential components that transport power and data through networks. This is how our employees around the globe contribute to a world where people get and stay connected.

Internship Product Management

m/f/d | Herisau (AR) | 100 % | Limited

Your tasks

- Support the development and execution of product strategies
- Conduct market research and analyze customer needs
- Assist in preparing product documentation, presentations, and reports
- Collaborate with R&D, market management, marketing communication, and sales teams to ensure successful product launches
- Contribute ideas to improve product performance and user experience

Your profile

- Currently enrolled in a Master's program (Business, Engineering, or related field)
- Motivation to work in a multidisciplinary and international environment
- Strong analytical and problem-solving skills
- Excellent communication and organizational abilities
- Interest in technology, innovation, and product development
- Proficiency in MS Office and willingness to learn data analysis tools

Why HUBER+SUHNER?

With us, you will gain exciting insights into Product Management within an industrial company. We are looking for someone who enjoys working in an international setting with personal responsibility, variety, and creative freedom. You will have the opportunity to strengthen your observational skills and work across different languages. Are you curious, eager to learn, and motivated to make an impact?

We can't wait to hear from you!

You will hear back from us as soon as possible. For further information please contact:
You will receive feedback from us as soon as possible.
